# Retail chains

**KAMPMANN**  
Genau mein Klima.

# Your strong partner!

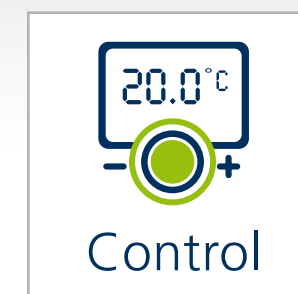

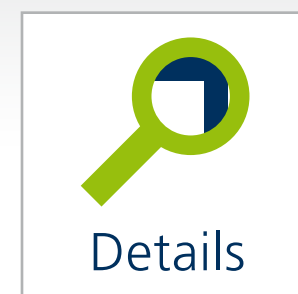

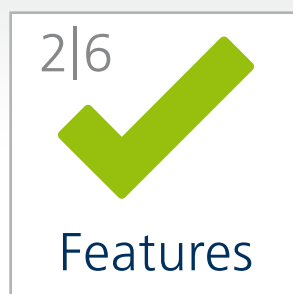

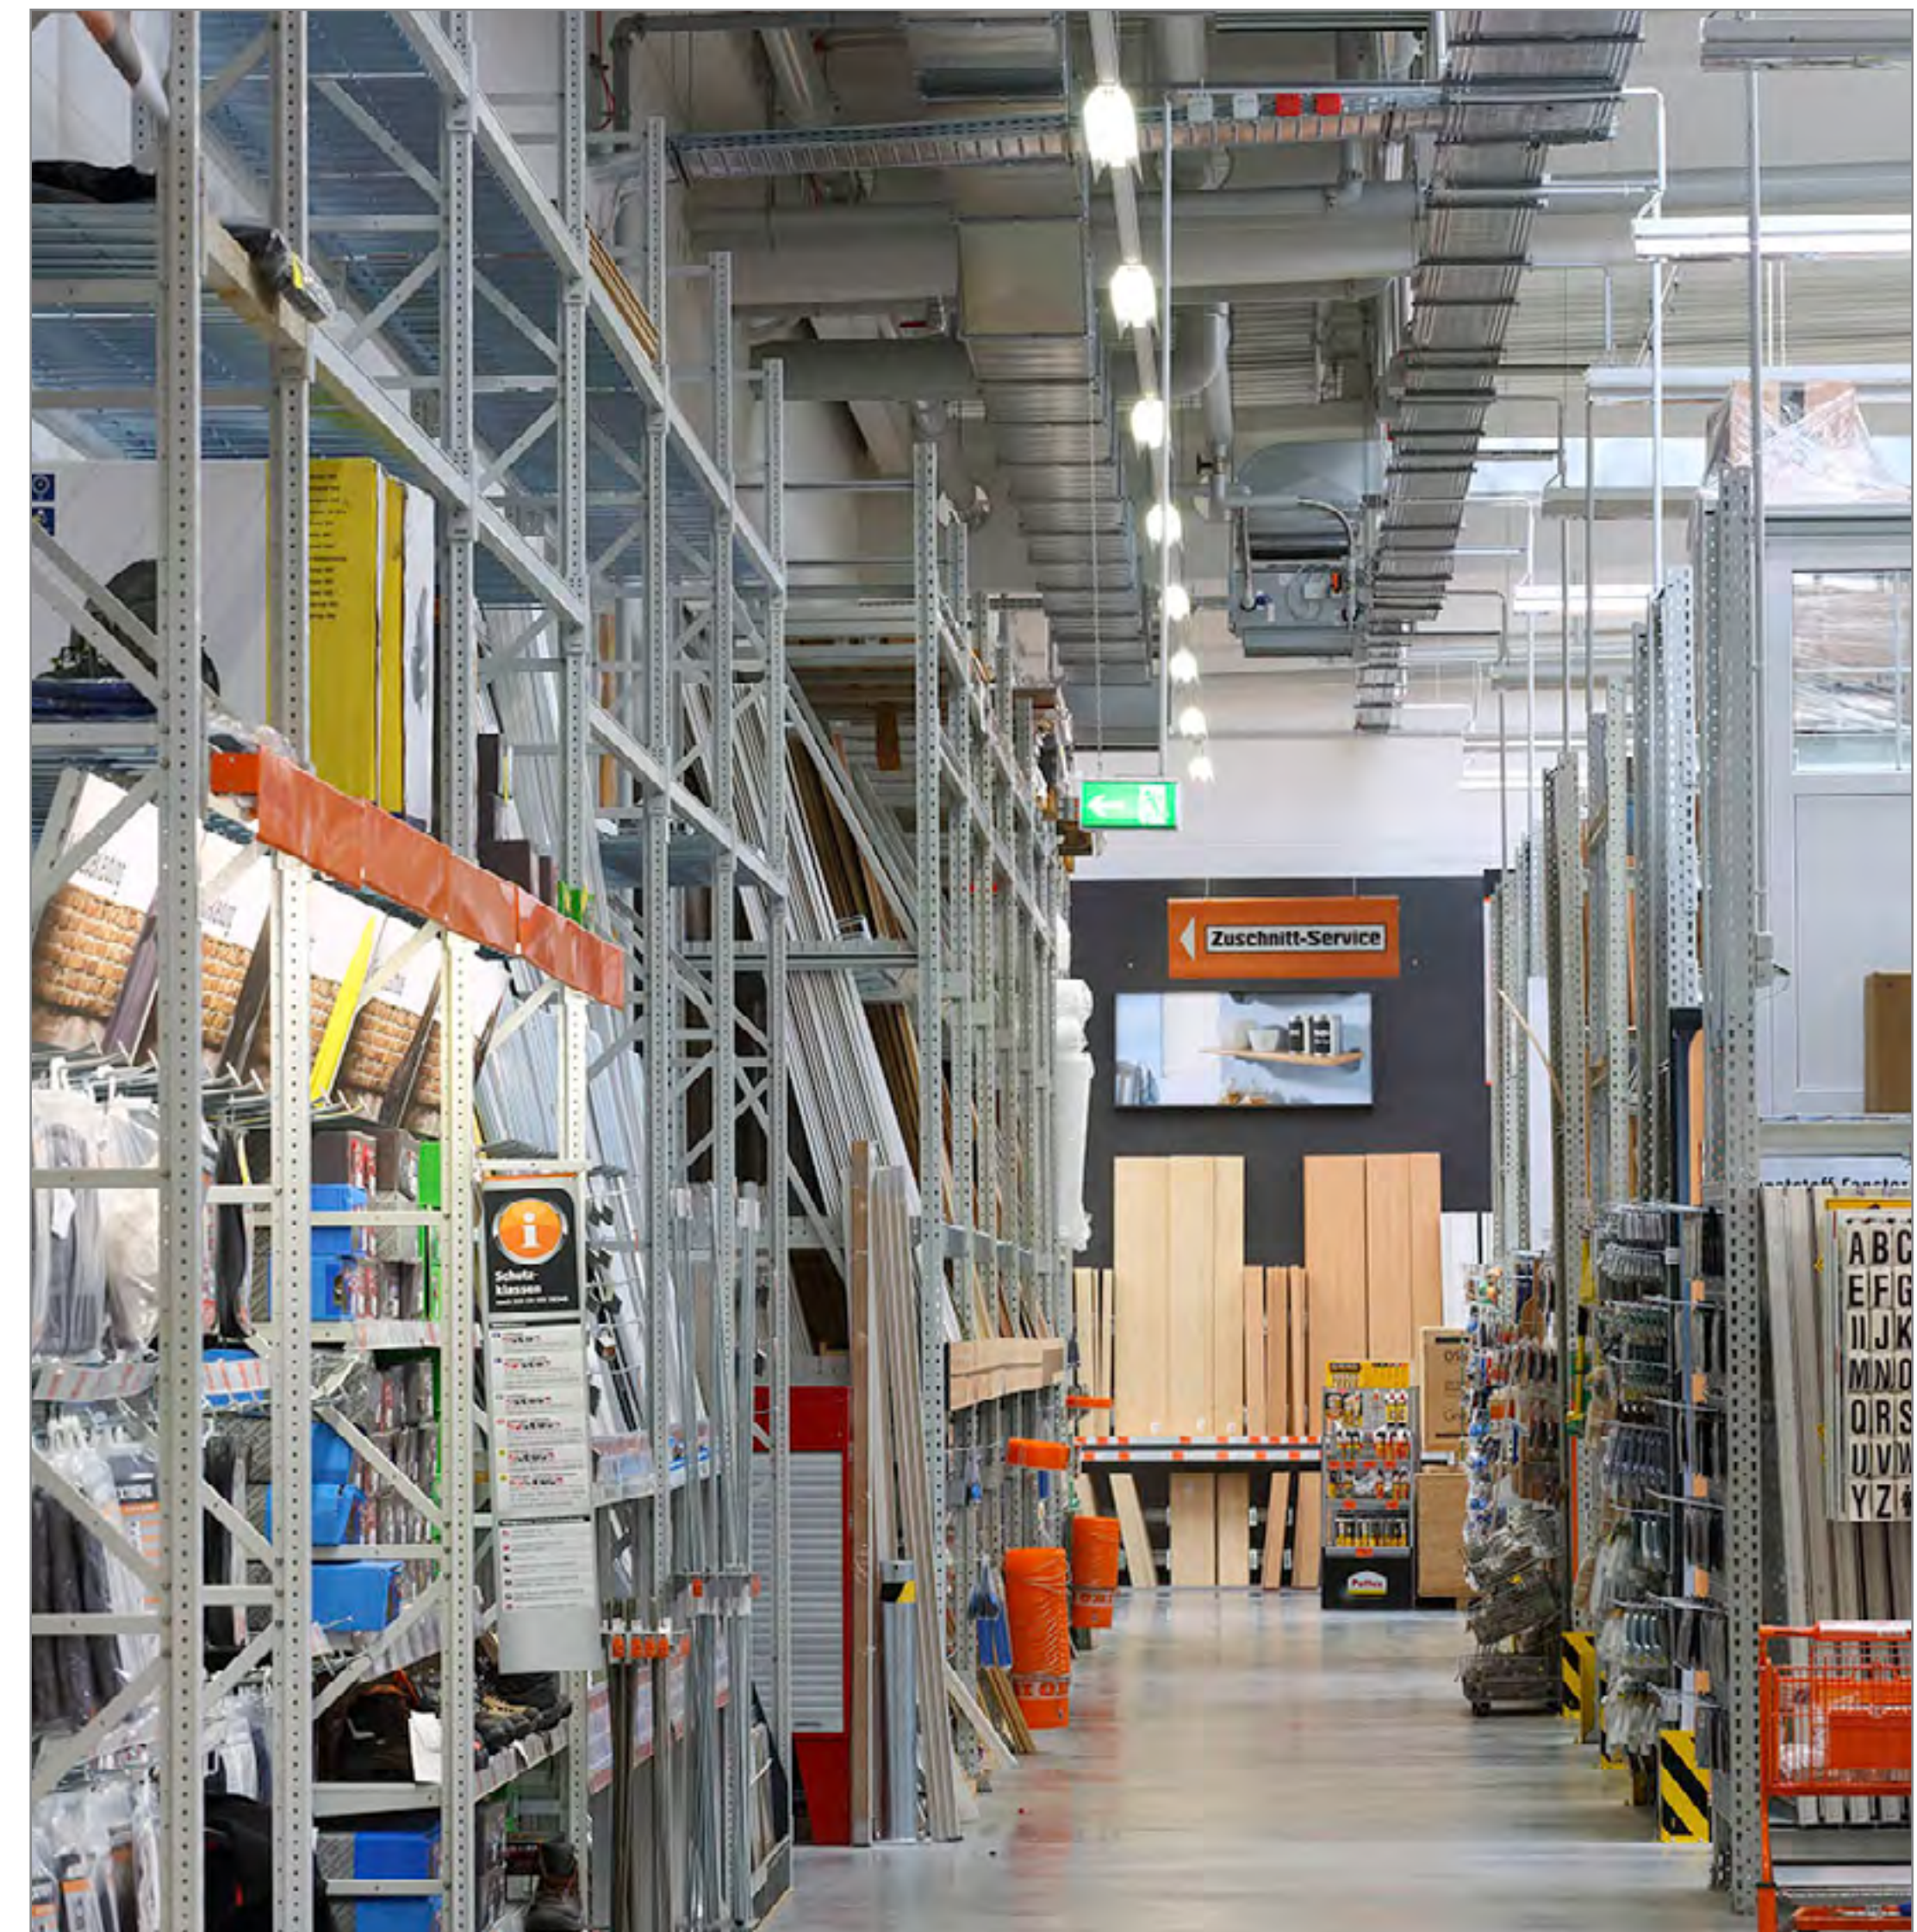

That's a promise! From the design stage in our technical department to field sales and after-sales service, we're right at your side. Take advantage of our many years of experience from over 1000 installations every year across Europe.

# Your one-stop service

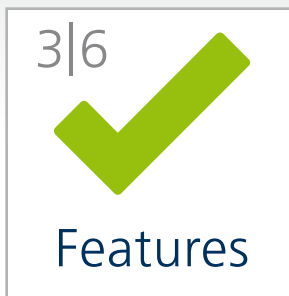

Don't waste time coordinating different trades.  
Kampmann is your qualified partner for all  
cross-trade systems.

# Create the mood for shopping!

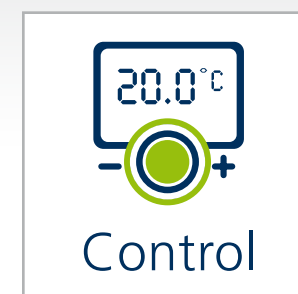

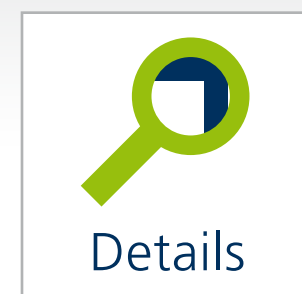

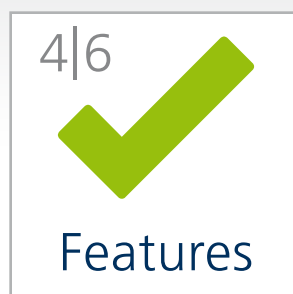

Customers will feel at ease in your store from the moment they step through the door. Barely audible and easy to operate Kampmann technology creates an individual atmosphere of well-being.

# You require – we deliver

You need project-specific solutions? Whether air flow, heat output or noise level: we'll coordinate every concept solution precisely to your requirements.

# Enhancing the value of your building

Sustainability is good. Certification is better. As a GreenBuilding endorser, we are very concerned about enhancing the market value of your property. Please contact us to discuss your individual, energy-saving building concept!

# Standards and guidelines?

You move with the times – we do too. You'll always be up-to-date with the latest generation of Kampmann units.
